Kakimi and Granado Endorsed for NEA Director

NEA Director for District 7 will be elected at the March CTA State Council meeting. Two candidates are pursuing the position. Both are members of the Montebello Teachers Association: Christopher Kakimi and Margie Granado. The Council has endorsed both candidates for this office.

Help Eliminate the Social Security Offset

The Windfall Elimination Provision and the Government Pension Offset affects California educators who should be entitled to both STRS and Social Security. Once STRS members collect benefits, Social Security benefits are greatly reduced.

You can join thousands of other people in the education field who are fighting this non-partisan battle. Simply click on the link below to the NEA web page on the proposed legislation, read the brief description of the issue, then PLEASE send an e-mail to your representatives in Congress following the zip code search.
