Call 1-800-540-2373 or for discount tickets to Disneyland, Sea World, Six Flags Magic Mountain and more.

TSA Special Services is linked to montebelloteachers.org.

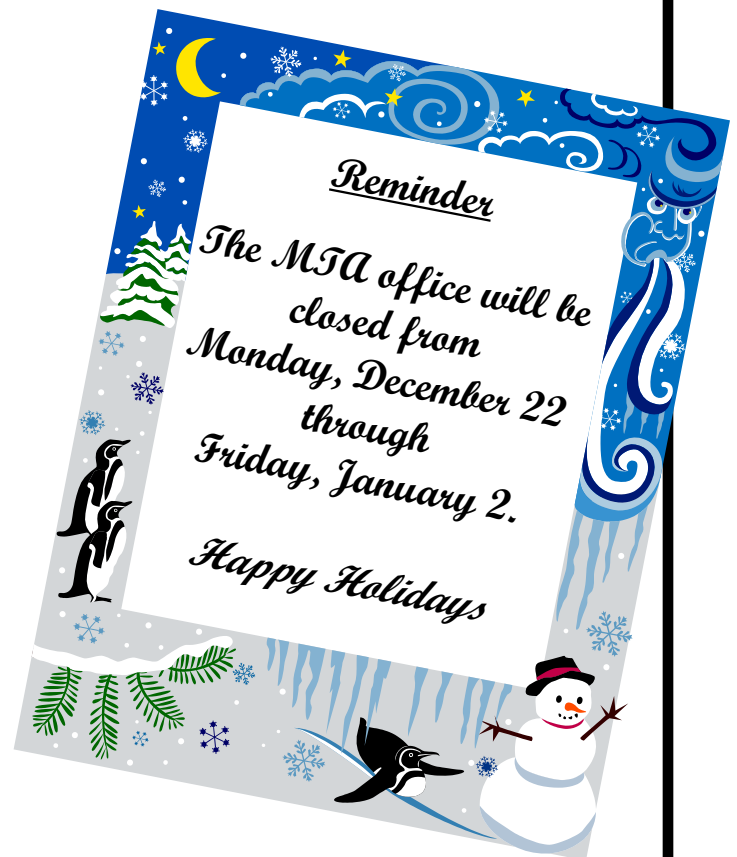

Improving Classroom Education Act

Introduced For November Ballot

The California Teachers Association (CTA) and children's advocate Rob Reiner announced the official filing of a new education initiative with the Attorney General's office. The *Improving Classroom Education Act* will provide a stable funding source that will help improve our state's K-12 classrooms and provide statewide access to voluntary universal preschool to all California children the year before they start kindergarten.

The *Improving Classroom Education Act* will raise more than \$3 billion annually for K-12 schools and \$1.5 billion for preschools by increasing the tax rate on commercial property from 1% to 1.5%. It does not raise property taxes for California's homeowners. *Look for more infor-*

Members support striking Vons workers bringing goodies and cheers every Tuesday at 3:30 p.m. Want to help? For more information contact President Margie Granado at the MTA office.
