Proposition 15 - Schools and Communities First Is On the Ballot Due to All Our Hard Work!

From November through March we got petitions signed to qualify Schools and Communities First. We did such a good job that the initiative broke the record in the number of valid signatures submitted for a single initiative.

Now It Is Time to Make Proposition 15 Law

More than ever before, the time is right to close tax loopholes that exempt businesses from paying their fair share of taxes in California.

Answer Email From MTA Asking for Your Commitment Vote "Yes" On Proposition 15

The MTA office will send you an email asking for your commitment to vote "yes" on Proposition 15. Respond to the email: "yes", "no", or "not sure" and you will not receive a phone call from MTA/CTA. We are looking for a response from each and every member prior to phone calls to the community.

The Democratic ticket are strong endorsers of the initiative to close corporate property tax loopholes to reclaim \$12 billion every year for schools and local communities. This is in addition to the endorsements that keep rolling in from leading voices across California throughout this campaign.

Former Vice President Joe Biden:

"Every kid deserves a quality education and every family deserves to live in a safe, healthy community. That's why I support Prop. 15 that will make corporations pay their fair share and invest in our communities."

Senator Kamala Harris:

"A corporate tax loophole has allowed billions to be drained from our public schools and local communities. No more. I'm proud to support Prop. 15 to put schools and communities first."
