

Cerdan, Santana, and Madrigal Uribe: Board of Education

The Association has endorsed three candidates for the November election. Each is committed to a functional district that prioritizes compassionate policies for students and employees.

Carlos Cerdan, James Santana, and Marisol Madrigal Uribe independently bring qualities that will transform the Board of Education into a strong voice for policies and practices that our students, families and members deserve.

The candidates attend volunteer gatherings at the MTA office each Saturday from 10 a.m. to 11 a.m. You are invited to volunteer, ask questions, and offer concerns.

Candidates Advocate Community Schools with Collaborative Leadership

Students, employees, families must all work together to create transformative schools. Candidates are ready to expand traditional roles and functions and look at the bigger picture. In addition to Collaborative Leadership and Practices, Community Schools include:

- Expanded and enriched learning time and opportunities.
- Active Family and Community Engagement.
- Integrated Student Supports.
